Historian: Ryan Clarke

New Member Educator Co-Chairmen: Justin Beimfohr, Rob Vorderman

Recruitment Chairman: John Baker

Philanthropy Chairman: Aaron Albright

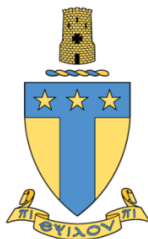

Social Co-Chairmen: Dylan Patterson, Kendall Johnson

## New Sweetheart

This spring semester we elected a new sweetheart for the chapter! Regann Cook is a sophomore majoring in social work and a member of Alpha Chi Omega. Regann is looking forward to spending more time with our brothers and make bonds that'll last a lifetime.

## Additional Chapter business

The chapter was very eager to finish out the spring semester with big plans, for example, starting a new philanthropy. With the operations of the chapter being temporarily put on hold due to COVID-19 we as a chapter are very curious to see how this will affect us in the coming months and fall semester.

## Riley Dance Marathon

This semester our chapter put a major emphasis on raising money for Dance Marathon. We raised a total of \$27,503 dollars for Riley's making us the top Greek organization for BSUDM in donations! This is an achievement we have never had as a chapter and we are very proud of the work all the brothers have put in to make it possible. We also had our brother, and Rockstar sponsor, Josh Borges give out Rockstar to fuel all the dancer for the 13 hour duration of Dance Marathon. All of the proceeds go directly to the Riley Children's Foundation. Riley continues to be ranked #1 in the United States in treating complex illness. The chapter enjoyed being able to give back to such a great cause.

## Secret Families

For the last three years our chapter has helped with a local charity called secret families. Secret Families provides Christmas for families in the Muncie area that can't afford it. This year we volunteered at 6AM to help load trucks, wrap gifts, and distribute food and gifts to families. This organization is run by local businessman Al Holdren who started this initiative many years ago with his own family. One year instead of having their own Christmas, they decided to give another family a Christmas they otherwise would not have had. Now hundreds of families in the Muncie community are able to have Christmas when they otherwise would not have because of Al and his family. Seeing the impact this organization makes on the community is the main reason we continue to volunteer and raise money every year.
